difference as I see it is a cashed by the fact
that you sent, by error, 2 not marked in the bin
two Col. col. dollars of '69 and two of '75.
I kept both the '75's. but only one of the
'69. — the total in my handwriting at the
bottom of the bill — \$17.85 — was for the value of
the returned packages incl. 5.25 for the ~~several~~ ^{single} ~~of~~ ^{of} '69 ~~not~~
